§ 700.807 Prohibited Acts.

(a) No person may excavate, remove, damage or otherwise alter or deface any archaeological resource located on the New Lands unless such activity is pursuant to a permit issued under § 700.815 or exempted by § 700.809(b) of this part.

(b) No person may sell, purchase, exchange, transport, or receive any archaeological resource, if such resource was excavated or removed in violation of:

(1) The prohibitions contained in paragraph (a) of this section; or

(2) Any provision, rule, regulation, ordinance, or permit in effect under any other provision of Federal law.

§ 700.809 Permit requirements and exceptions.

(a) Any person proposing to excavate and/or remove archaeological resources from the New Lands, and to carry out activities associated with such excavation and/or removal, shall apply to the Federal Land Manager for a permit for the proposed work, and shall not begin the proposed work until a permit has been issued. The Federal Land Manager may issue a permit to any qualified person, subject to appropriate terms and conditions, provided that the person applying for a permit meets conditions in § 700.815(a) of this part.

(b) Exceptions:

(1) No permit shall be required under this part for any person conducting activities on the New Lands under other permits, leases, licenses, or entitlements for use, when those activities are exclusively for purposes other than the excavation and/or removal of archaeological resources, even though those activities might incidentally result in the disturbance of archaeological resources. General earth-moving excavation conducted under a permit or other authorization shall not be construed to mean excavation and/or removal as used in this part. This exception does not, however, affect the Federal Land Manager's responsibility to comply with other authorities which protect archaeological resources prior to approving permits, leases, licenses or entitlements for use; any excavation and/or removal of archaeological resources required for compliance with those authorities shall be conducted in accordance with the permit requirements of this part.

(2) No permit shall be required under this part for any person collecting for private purposes any rock, coin, bullet, or mineral which is not an archaeological resource as defined in this
